

An investment that is **IMPORTANT TO YOU** and your business

DON OVERDORFF
President, Quaker Sales, Cambria County

We contributed because we believe in the ability of JARI to deliver new people and jobs to our service area. We view our contribution as an investment in our business that leads to a stronger local economy. When JARI says, "It's about jobs," they mean it.

TERRY DEITZ
General Manager, Forever Broadcasting

The business community in our region can be vibrant and active when organizations like JARI are successful. This is a wonderful place to live and work. With JARI's help I know we can look forward to a bright future and a strong business environment.

BARRY RITKO, Jr.
General Manager and Vice President,
Best Window, Cambria County

Our company relies on new customers and repeat business. JARI's work helps us - and other area businesses - by working to bring new customers into the region, and by helping to maintain good jobs that are already here. They provide services that help us stay competitive in today's economy.

Your JARI investment creates **MORE JOBS** Here's how ...

At JARI, we have a plan to raise business activity. When you contribute, you are investing in a proven track record of job creation. But we don't ever stop. Our agenda is aggressive, and you should know we will apply your contribution to critical activities such as:

- Bringing Marcellus Shale jobs and investment to our region.
- Adding new jobs in diversified industry sectors.
- Training and recruiting workers for new and existing companies.
- Providing assistance to grow small business.
- Enhancing an already strong defense and government contracting sector.

Creating jobs that improve our communities is our biggest priority. Don't sit on the sidelines! Help the JARI Job Drive today and we all will look forward to a brighter future with a healthy business environment.

IT'S ABOUT JOBS

JARI JOB DRIVE

NOBODY DELIVERS MORE SKILLED JOBS TO THIS REGION

Support the leading **JOB CREATION** agency in our region

Our communities need new jobs. And nobody delivers more skilled jobs to our region than Johnstown Area Regional Industries (JARI).

Over the past three years, JARI has played a significant role in the creation of 1,500 new jobs and the retention of more than 8,000 existing jobs. No other single agency contributes more to the growth of our region than JARI.

An investment in JARI is a proven investment in the success of our communities.

One contribution that gets **RESULTS**

JARI's work doesn't end with attracting or creating new jobs. Since 2008 our services to local companies involved in procurement netted nearly \$750 million in government and other contracts. JARI assisted in the start-up of 46 new businesses. Companies within our region secured nearly \$20 million in financial assistance or tax credits. Through JARI's training initiatives, more than 3,000 employees have learned to remain competitive in a global economy.

Attracting jobs and supporting growth in our business community is what JARI does.

Big or small business... **WE ALL BENEFIT**

No matter how large or small your business, everyone benefits when new jobs are created in our communities. More jobs mean more customers – for everyone. And nobody delivers more skilled jobs to our region than Johnstown Area Regional Industries (JARI).

In addition to attracting quality jobs, JARI is also busy finding new ways to improve the area economy. For example, JARI began a new Marcellus Shale initiative, has begun planning for Phase III of the Johnstown Business Park, established a new revolving loan fund, and was approved as a micro-lender for the Small Business Administration. JARI is making a difference on many levels.

Help yourself and our region **IT'S ABOUT JOBS**

We all win when more jobs are added in our region. And nobody is doing more to deliver high paid, skilled jobs than JARI. Your contribution is the most important action you can take to grow our region – and benefit the future of your own business.

Contact JARI today for more information, or to see how JARI can help your company.

Make a difference **JOIN THE JOB DRIVE**

JARI is reaching out to business and community leaders to join our JOB DRIVE. Many have contributed, but the need for new jobs has never been more important to our region. An investment in JARI is the most important investment that a company or individual can make to continue the diversification of the regional economy and to drive new business opportunities for all business sectors.

Budget cuts at both the state and federal level, including funding for economic development, have significantly decreased. JARI needs the involvement of every business to do more good for our region.
